How To Gain Flesh

Persons have been known to
gain a pound a day by taking
an ounce of SCOTT'S EMUL-
SION. It is strange, but it often
happens.

Somehow the ounce produces
the pound; it seems to start the
digestive machinery going prop-
erly, so that the patient is able
to digest and absorb his ordinary
food, which he could not do be-
fore, and that is the way the gain
is made.

A certain amount of flesh is
necessary for health; if you have
not got it you can get it by
